

## **User Information**

Age: 19

Gender: Female

Year in school: 2

Major: Computer Science

Technical competency (low, medium, high): Medium

## **Task 1 (End User): Search for a movie and add it to your list**

Time (seconds): 70s

Notes: During the login page, he asked about the remember me check box for automated log in in the future.

Easily found the search bar to enter in the movie name and easily found how to access that movie's page

Easily found the button for adding the movie to the list

## **Task 2 (End User): Follow any user and view their list of movies**

Time (seconds): 40s

Notes: Easily found out how to search for another user

She said there is too much white space in the profile page of the other user

Asked for a section for the user's recent comments.

## **Task 3 (End User): Search for a movie, and then find a link where you can buy that movie**

Time (seconds): 60s

Notes: The link button name is ambiguous and is too small and hard to find.

The link to the website should be in the popup window, not a new page.

## **Survey**

Question 1: On a scale from 1 to 7, how easy to use did you find our interface to be?

Answer:

6. Some buttons are hard to find, but the most part looks good.

Question 2: Which was your least favorite part of our interface and why?

Answer:

Movie information page is nice. And the trailer idea is good.

Question 3: Were there any parts of our interface that had an unexpected effect when you clicked them?

Answer:

No.

Question 4: Are there any other general suggestions or improvements you have for our UI?

Answer:

Add some pictures on movie information page
